

CHARACTERISTICS

- . Integrated refrigerator
- . Sliding door system
- . Adjustable thermostat in the fridge
- . Automatic defrost in the fridge
- . Fan in fridge compartment (Coolflow)
- . Adjustable safety glass shelves
- . Adjustable trays
- . Grocery drawer
- . Reversible doors
- . Inner light
- . **** freezer
- . Energy efficiency class: A
- . Total gross capacity: 264 litres
- . Net capacity: 48 (freezer), 214 (fridge)
- . Overall measurements (h/w/d in mm): 1.575 x 540 x 545

TECHNICAL DRAWING

Overall measurements (mm)

Height	1575
Width	540
Depth	545

Measurement of the door (mm)

Upper door (Height/Width)	361 x 600
Lower door (Height/Width)	1241 x 600

Capacity litres

Total gross capacity (litres)	264
Fridge net capacity (litres)	214
Freezer net capacity (litres)	48

Electrical connection

Voltage (V)	220/230
Power rate (W)	120
Power rate of the defrosting element (W)	-
Number of compressors	1
Freezing capacity (Kg/24 h)	2,5
Freezer autonomy (conservation from failure)	16
Energy consumption day/year (Kwh)	0,82/299

Technical characteristics

Freezer classification (star rating)	4
Automatic defrost in the fridge	•
No-Frost (freezer-fridge)	-
Coolflow	•
Sound level (dB) A	42

Features

Electronic control	-
Fingerprint proof stainless steel door	-
Antibacterial treatment	•
Fast freezing button	•
Conservation zone	-
Fast freezing zone	-
Fuzzy Logic function	-
VAC function	-
Adjustable thermostat	•
Inner light	•
Adjustable door shelves	•
Reversible doors	•

Control indicators

Operating light fridge / freezer	-
Fridge / freezer temperature display	-
Fast freezing indicator	-
Visual / audible alarm	-

Accessories

Safety glass trays	•
Ice cube tray	-
Chromed bottle holder	-
Medicine compartment	•
Temp. and humidity regulation in drawers	-

Energy label

Energy efficiency	A
Climate class	N
